

# The Waking Beauty.

The Waking Beauty is unglad  
(but not too much, she's very rich),  
in the new Restarting Cycle,  
when everybody woke ignoring  
her dignity like Mother Goddess;  
when she's virtual erotica,  
because of her white skin;  
when the Great Cholera  
violents her placidity;  
when governs the Black Fury,  
calling to fight to Horde of Mediocre,  
deviated and resentful, enraged,  
who attacks the system,  
for to pull down the system  
that supports Humanity;  
they burn to the new heretics  
in bonfires of ideology.
